

CALCIUM SULFATE

Calcium Sulfate Powder

Item Number: 09-3549

Typical Chemical Analysis

Table with 2 columns: Component and Percentage. Components include Ca, CaSO4 · 2H2O, S, Fe, F, Pb, Cd, As, Hg, and Moisture (105°C).

Physical Description

Table with 2 columns: Property and Value. Properties include Color, Fineness, Apparent Bulk Density (Loose and Compacted), and Package.
